# **CEED 2010 Question paper**

Jíon pa

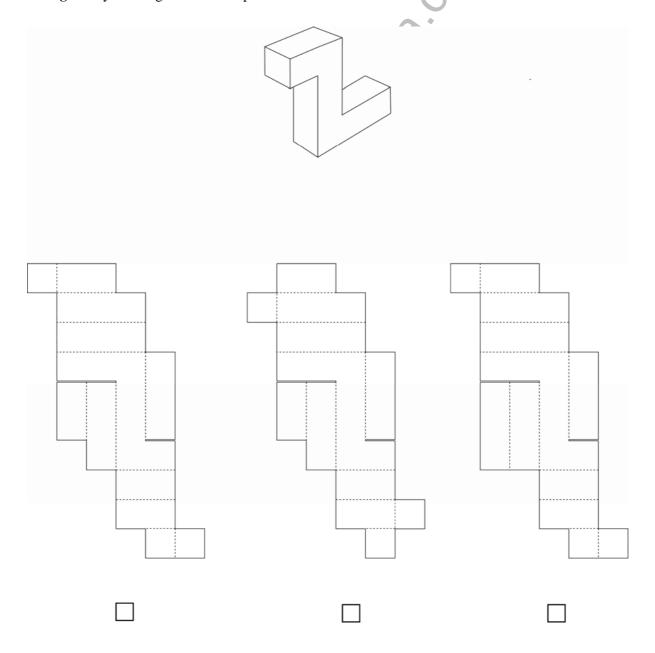

# Visual Perception and Design Sensitivity

**Question 1** (Answer all the questions)

[15 Marks]

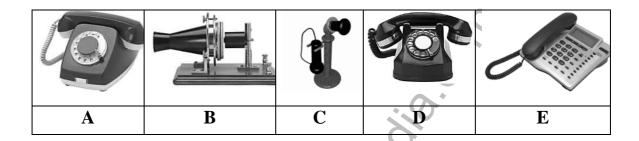

1.1 [2 Marks]

The drawing below shows a **closed box made out of cardboard**. Next to it are **three unfolded** (**developed**) **views** of the same cardboard box. Two of these options are correct. Select the **wrong** one by marking **X** in the box provided below.

1.2 [1 Mark]

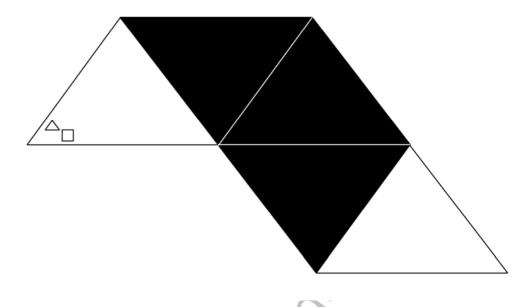

Below are **5 images of Telephones** that were used across different time periods, placed in a random order. Write down the **correct sequence** of the telephones according to the time scale, from **past to present**, in the box provided below.

| Past > Pre | esent |  |  |
|------------|-------|--|--|
|            |       |  |  |

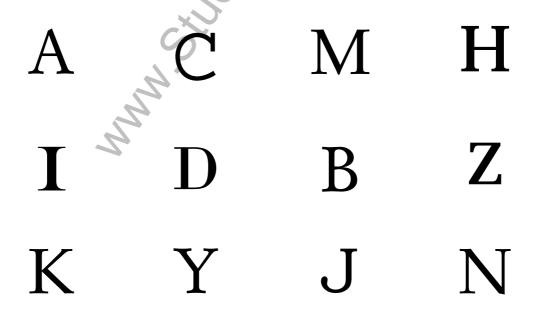

1.3 [1 Mark]

Below is an image of a **triangle with some pattern** on it. This triangle is mirrored four times as shown below. Draw the **correct position of the pattern** on the last triangle.

1.4 [2 Marks]

Below are images of **different Typefaces** belonging to different families. There are two families comprising of four letters each. **Identify** these letters and write them in the box provided.

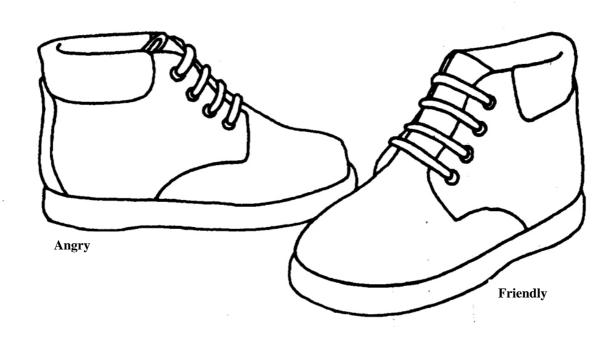

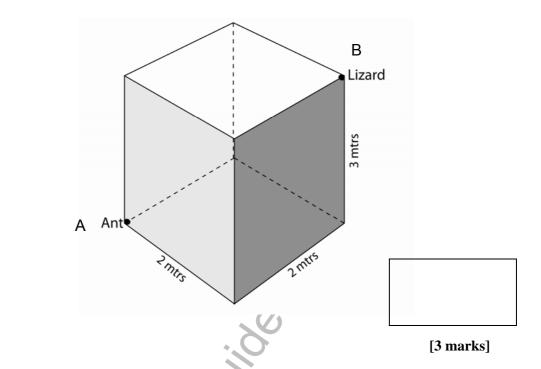

| Family One: |  |   |     |   |
|-------------|--|---|-----|---|
|             |  |   |     | l |
| Family Two: |  |   |     |   |
|             |  |   |     |   |
|             |  |   | .0. |   |
|             |  | 4 |     |   |

1.5 [4 Marks]

Below is an image of a **pair of Shoes**. Color the shoes to depict the following two expressions – **Angry** on the left shoe and **Friendly** on the right shoe.

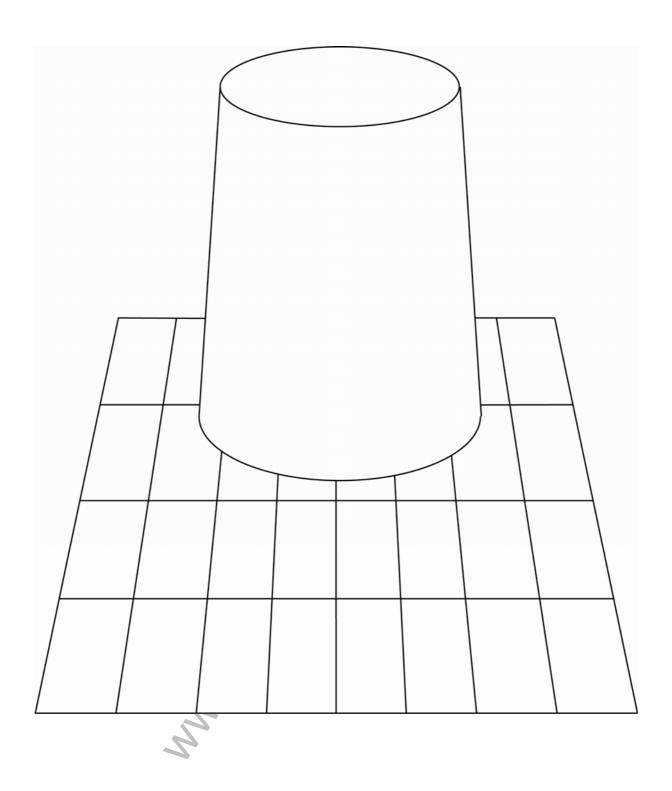

Below is schematic diagram of a room 2m long, 2m wide and 3m high. An ant is at position A on the ground and a lizard is at position B on the ceiling. Calculate the **shortest distance** the lizard has to travel to eat the ant. Write the answer in the box provided.

Below is an image of a **reflective Steel Tumbler** kept on a table cloth with grid pattern.

Draw the pattern as reflected on the steel tumbler in the image provided

1.7

# Drawing Abilities and Skills

Question 2 [20 Marks]

Illustrate in perspective, a composition with a **CUP**, **SAUCER** and a **SPOON** placed on a flat surface. The Cup is made of **Rubber**, the saucer is made of **Glass** and the spoon is made of **Wood**.

The drawing needs to be done in Freehand using Black Pencil. (Do not use any drawing instruments)

#### **Evaluation criteria:**

- 1. Composition and correctness of perspective [5 marks]
- 2. Quality of surface representation through shading [5 marks]
- 3. Quality of lines [5 marks]
- 4. Correctness of relative proportions [5 marks]

### Rough Work

### **Final Drawing**

# Creativity I

**Question 3** [10 Marks]

Imagine five distinct uses of discarded Compact Disc (CD).

The CD's can be cut, bent, pasted or used in multiples to execute your ideas.

Represent your ideas with **five neat sketches** along with **brief notes** (if necessary) in the space provided.

## **Evaluation criteria:**

1. Originality of ideas

## Sketch 1

|   |     |     | (   | COL |

# Problem Identification and Analysis

Question 4 [20 Marks]

**Answer any one** of the following questions **A or B** irrespective of the discipline you wish to pursue.

# [A]

Below is an image of a **Pressure Cooker** commonly used in the Indian households.

**Identify five unique problems** from the **point of view of the users**.

- **a.** Write these unique problems briefly in the space provided.
- **b. Briefly justify** each of these problems in the space provided.
- **c. Illustrate a solution** for each of the identified problems with a sketch in the space provided.

### **Evaluation criteria:**

- 1. Identification of unique problems and proper justification [10 marks]
- 2. Appropriateness of your solutions [10 marks]

## OR

Below is an image of a typical Railway Platform in India.

Identify five unique communication design related problems from the point of view of the users.

- **a.** Write these unique problems briefly in the space provided.
- **b.** Briefly justify each of these problems in the space provided.
- **c. Illustrate a solution** for each of the identified problems with a sketch in the space provided.

### **Evaluation criteria:**

- 1. Identification of unique problems and proper justification [10 marks]
- 2. Appropriateness of your solutions [10 marks]

|                        |       |       |

# Creativity II

Question 5 [10 Marks]

You have at your disposal the following five objects -1 Cone, 3 Discs and 1 flexible Wire as given below.

Imagine **five interesting products** made out of a combination of all five objects. You can scale the objects to any size or dimension.

Represent your ideas with **neat sketches, name them** along with **brief notes** (if necessary) in the space provided

| Evaluation criteria: |
|----------------------|
| Originality of Ideas |
|                      |
| Sketch               |
| Sketcii              |

## **Design Problem Solving**

Question 6 [25 Marks]

Answer any one of the following questions A or B or C irrespective of the discipline you wish to pursue.

## [A]

### Problem Area: Product Design / Interaction Design

In the world of the **Visually Impaired** (**Fully Blind**), there is a need to equip them with special products that will help them carry out their day to day activities with an ease. One such product is a pair of scissors, which can be used for cutting liquid pouches, cloth, paper, etc.

Your task here is to **Design a new pair of Scissors** for the visually impaired.

You can make use of new technologies (if needed).

- **a. Identify** at least **five distinct factors** essential for designing a pair of scissors for the blind. Write this briefly in the space provided.
- **b. Generate** at least **three concepts** through pencil sketches based on the factors identified above. Present these **pencil sketches** along with **brief notes** (if necessary) in the space provided.
- **c.** Synthesize your **final concept** and present this through drawing, showing the overall form and its construction details, mentioning the materials, in the space provided.

#### **Evaluation criteria:**

- 1. Identification of distinct factors [5 marks]
- 2. Novelty of your alternate concepts [5 marks]
- 3. Appropriateness of your final solution [10 marks]
- 4. Quality of your presentation [5 marks]

| Answer A              |     |
|-----------------------|-----|
| Five distinct factor  | ors |
| 1                     |     |
| •••••                 |     |
| 2                     |     |
|                       |     |
|                       |     |

|            |   |
| [D]        | C |

## [B]

### **Problem Area: Communication Design**

Influenza-A (H1N1), also known as the Swine Flu virus is a new influenza virus causing illness in people. This virus is contagious and spreads rapidly.

Your task here is to **Design a new Symbol** to capture the essence of this disease. You can make use of Text, Graphics or both.

- **a.** Identify at least **five distinct factors** essential for representing the disease. Write this briefly in the space provided.
- **b.** Generate at least three concepts through pencil sketches, taking into consideration the factors identified above. Make these **pencil sketches** along with **brief notes** (if necessary) in the space provided.
- **c.** Synthesize your **final concept** and present this through drawing. You may use colours, if necessary.
- **d. Design a poster** to create awareness about this disease among **school children**. You need to make use of your final symbol in the design of the poster. Present this in the space provide along with brief notes (if necessary).

### **Evaluation criteria:**

- 1. Identification of Distinct Factors [5 marks]
- 2. Novelty of your alternate concepts [5 marks]
- 3. Appropriateness of your final symbol [5 marks]

| Answer B              |
|-----------------------|
| Five distinct factors |
|                       |
| 1                     |
|                       |
|                       |
| 2                     |
|                       |

#### **Problem Area: Animation Design**

Drought is major problem faced by our country. This is going to effect our agricultural sector badly and would have a negative impact on our national economy.

Create a **comic strip of five key frames** involving a **Farmer**, **Politician and God** with the use of text and images.

- a. Make at least three alternate sketches for each of the characters in the space provided.
- **b.** Represent your storyboard in **five key frames** in the space allotted. If necessary, you can make use of colours.

### **Evaluation criteria:**

- 1. Appropriate portrayal of the characters [10 marks]
- 2. Originality of your storyboard (text and images) [10 marks]
- 3. Quality of your presentation [5 marks]

### a. Three alternate sketches

Character 1.Farmer

Character 2. Politician

## **INSTRUCTIONS TO CANDIDATES:**

### Read these instructions carefully.

- 1. Write your name, CEED Registration number and the Examination Centre in the space provided on the cover page of this answer book.
  - Make sure that you sign in the space provided on the cover page.

- Entering your name or registration number anywhere else (other than in the space provided on the cover page) is strictly forbidden.
- No distinctive mark of any sort is to be put anywhere in the answer book.
- Violation of these instructions or adoption of malpractices in the examination hall will lead to disqualification.
- Write your answers ONLY IN ENGLISH.
- Write or draw your answers only in the space provided for each question.
- ion-cum-answer papel Space for rough work has been provided at the end of this booklet. This should be used for **ROUGH WORK ONLY.** DO NOT DETACH any of these pages.
- 5. DO NOT REMOVE ANY SHEET from this answer book.
- Before leaving the examination hall, submit this question-cum-answer paper to the invigilator.
