

Usage of Toilet

- It is a good habit to use the toilet early in the morning.
- We should not use open place as a toilet.
- It is because our surroundings and health will be affected.
- After using the toilet we should wash our hands with soap.
- Keep the toilet clean.

World Toilet day is celebrated on 19th November every year.
This was started in the year 2009.

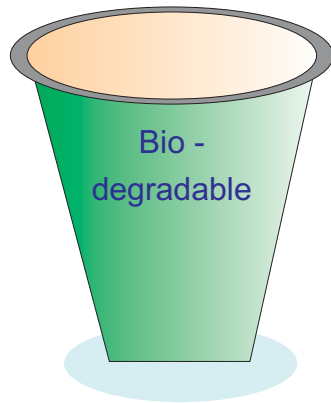

What are the uses of things given in the pictures?

Dustbin	Collection of waste
Mop	
Comb	
Broom	
Soap	
Long - handled broomstick	
Toothpaste	

Can we discuss ?

A man swept the floor of a house. He happened to see many things in the garbage bin. He separated them. He took banana, orange skin and vegetable waste in one bin. He took the other items like plastic bags, broken glass bangles, used pens, covers in the other bin. Can you guess why?

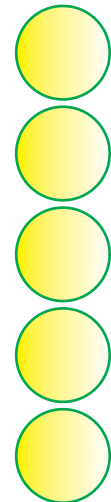

Can we draw?

Read the sentences given below and draw  if it is

right and draw  if it is wrong.

- Using open space as toilet.
- Eat after bathing.
- Eat before bathing.
- Brush before going to bed.
- Before eating hand washing is not necessary.

Observe the following cleaning activities and number them in sequence as 1,2,3...

Do you know?

What are the diseases spread by mosquitoes that breed in stagnant polluted water?

4. A JOURNEY IN A CORACLE

Dear Jennifer,

Place :

Date :

How are you? I am fine here. From your letter I came to know about your experience in the picnic.

We, too, went to our village during my vacation.

We spent our time playing, going to the temple festival, visiting our field and travelling in a coracle.

I enjoyed the coracle journey the most!. We were waiting on the river bank for the coracle to arrive, to visit a temple on the other side of the river.

When we were waiting by the river side, I saw boys catching fish with fishing rods and goats and cattle drinking water by the riverside.

The coracle arrived. All of us got into the coracle one by one. As we got in, the coracle tossed. I was scared. When all of us were seated in the coracle, it stopped tossing and started moving smoothly.

As the coracle moved, we saw

- fishes jumping
- water snakes moving
- a few plants, climbers and logs of wood floating on the river.
